- Removes rust from glaze, terracotta, porcelain stoneware

Available Packaging:	Index	Article name
	77-153	Clinex Lastrico 1L
	77-154	Clinex Lastrico 5L

Properties:

Excellent liquid for thorough cleaning. A professional product that removes stubborn traces of cement joints, rust from glaze, terracotta, stoneware, slate and other acid-resistant surfaces. Especially recommended for cleaning heavy dirt from stone and concrete floors, such as terrazzo, granite. Perfect for cleaning ceramics from cement and gypsum dirt. Ideal is not suitable for cleaning tombstones.

The preparation is intended for manual washing.

Instructions for use:

1. Before starting manual washing, the surface must be swept or vacuumed.
2. Shake well before use

Depending on the degree of soiling of the surface to be cleaned, use the appropriate dilution:

- for glazed tiles solution 1:10 (with water).
- for porcelain stoneware, brick, stone and slate solution 1:4 or

1:5. Current cleaning 50-200 ml / per 10 L of water.

3. In case of serious dirt, use an undiluted agent.
4. In order to preserve the desired effect, it is recommended to neutralize the floor with water.
