77-648 Clinex MaxDirt 5 L

Properties:

Concentrated, low-foaming preparation designed for washing waterproof surfaces in gastronomy and processing industry, industrial floors in production halls, repair plants, car workshops. It removes all greasy dirt from surfaces such as: concrete floors, PVC, natural and artificial stone, tiles, aluminum, inox steel, powder coated surfaces, etc. found in industry and gastro-nomia. The product does not contain a fragrance composition, so it can be used in rooms and surfaces in contact with food and in rooms with a small area or without windows. Suitable for washing floors, walls and other washable surfaces. Thanks to its low foaming, the preparation can be used in manual and machine washing.

Directions for use:

1. Shake well before use
2. It is recommended to dilute the concentrate in a ratio of 0.2-10% (20-1000 ml of the agent per 10 L of water)
